Who?      Notification of the County was missed - Chief Veriha and Clerk Deschane met with Sheriff Randy Miller. This is about jurisdiction, the town would call if they need us. County see it as primary for every call, we are not capable. May not be able to do what is in this contract because they would need to be deputized by county. Ask Chief Soleske from Coleman how her contract with Pound work. Boat Patrol - will be removed from contract and our officers may be hired outside of being Village Officers. This agreement is on hold until we have more information about deputization or how Chief Soleske is doing it. Could the officers be employees of two departments working at the same time? Talk about deputizing all law enforcement in the county at some time in the future.
